Paid External Activity Authorization

Application Form - Form 1: Student application

To the Coordinator of the PhD Course in Science and Technology for Electronic and Telecommunication Engineering (STIET), University of Genoa

I, the undersigned PhD student, request authorization from the STIET Teaching Board to carry out the paid external activity described below. I will not accept the contract or start the activity before receiving written authorization.

Student's full name

PhD cycle and year of enrolment

Email address

Host organization / contracting party

Organization address and country

Type and title of contract

Proposed activity and duties

Relationship of the activity to the PhD research/training programme

Expected time commitment (hours per week/month or total)

Proposed start date and end date

Gross compensation (amount, frequency and total expected)

Other paid activities in the current PhD year and related gross income

For scholarship holders: annual scholarship amount and statement that total relevant income will remain within the applicable limit

Any other information relevant to compatibility

Signatures may be handwritten on the printed form or applied as a digital signature to the completed PDF.

I declare that the information above is complete and accurate. I undertake to notify the Coordinator of any material change to the activity, contract, duration, time commitment or compensation. I understand that authorization must be obtained before the activity begins.
